CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Turnpike Work To Start Soon; Bids Have Been Received

DANIA—Chairman Thomas B. Manuel, of the Florida State Turnpike Authority, today announced that with the letting of contracts for two sections of the Sunshine State Parkway July 22, approximately half the bob-tailed turnpike from Miami to Ft. Pierce is now under contract for grading, draining and fencing.

The latest contracts were for slightly more than 18 miles of the Turnpike and put 50.53 miles of the 103.9 miles bob-tail length under contract. The contracts provide for the preliminary work on a strip 10.3 miles long in St. Lucie county and the other for 7.2 miles in Palm Beach county.

Low bidder for the Palm Beach strip was C. T. Stockton, Inc., of Miami, with a bid of \$397,886.00 and the St. Lucie county section went to Cone Brothers Contracting Company, of Tampa, on its bid of \$640,197.30.

Stockton's bid was well under feasibility estimates and approximately \$40,000 under the next bidder. Cone Brothers' bid also well under feasibility estimates and approximately \$7,000 under the second bidder.

Contracts for borings on the entire Turnpike length were awarded previously at substantial amounts under estimates.

(continued on page 5)

Rogers Hopes To Keep VA Office

Congressman Paul G. Rogers, of Florida, has protested vigorously to Mr. H. V. Higley, Administrator of the Veterans Administration, the proposed reduction in the Miami Regional Office. Mr. Rogers has asked that any change in the Miami Office be held in abeyance until a thorough investigation could be made, and until it was proven that the service to veterans in south Florida would not be jeopardized.

Mr. Rogers stated that due to the increased population in the Miami area and the large number of veterans served by the Miami Regional Office, that it seemed to be unwise to make a reduction in that office.

The proposed move by the VA came as a surprise to the Congressman. He first learned of it when he received a booklet from the VA came as a surprise to the Congressman. He first learned of it when he received a booklet from the VA office entitled "Modification of the VA Regional Office at Miami by Transfer of Processing Activities to the VA Regional Office at Passaic, N. J."

Mr. Rogers stated he would cooperate with Congressman Dante Fascell, from Miami, and Senators Holland and Smathers to do everything possible to protect the interests of the veterans in south Florida.

The Rev. and Mrs. Oliver Hatfield and son, Glen, are visiting relatives and friends in West Va., where the Rev. Hatfield, a retired Methodist minister, served as pastor for several years before coming to Florida.

Pahokee Council Abolishes Easements

The Pahokee City Council in regular session last week voted to draw up a resolution abolishing easements for streets in the Washington Park area of the Negro section of the city. This action was taken because it was believed easements for unnecessary streets would interfere with new building and the development of the area.

A resolution was also passed instructing the police department to have abandoned cars removed from city streets and roadsides within 24 hours after they are known to be abandoned.

Robert McIntosh, local scout official, and a group of Boy Scouts from Troop 28, appeared before the council to discuss the possibility of using city park land as the site for a Boy Scout Hut. Two members of the Council, Mrs. L. W. Armstrong and George H. Tucker, Jr., were named on a special committee to investigate this matter and report their recommendations.

Fuller Warren In Statement About Extra Session

MIAMI BEACH—Former Governor Fuller Warren in a statement issued to a Florida News Service reporter today, voiced his opinion concerning the special session of the state Legislature and its efforts to solve the reapportionment question. The statement is as follows:

Like thousands of other citizens and taxpayers of Florida, I am deeply disturbed by the reapportionment paralysis which has made it impossible for the legislative and executive branches of the Florida state government to discharge one of their highest duties. Fifty-five days of deadlock between these two branches of the state government has cost the taxpayers more than \$160,000. (\$162,468.02 through July 25, 1955), and impaired the people's faith in and respect for their state government.

The state Senate passed a reapportionment bill said to be acceptable to the Governor, which was defeated by the House of Representatives. The House passed several bills which were unacceptable to the Senate. Both the House and the Senate passed a reapportionment bill which was vetoed by the Governor. So it cannot be fairly said that either of the three is wholly to blame for the worst deadlock that ever developed between the legislative and executive branches of Florida's state government.

(continued on page 3)

Connie Rushes Scouts' Return

The 15 members of Canal Point Boy Scout Troop 24 who accompanied Scoutmaster Phelix A. Slonaker and Assistant Scoutmaster Jimmy L. Repper on a camping tour of the State returned home a couple of days ahead of schedule because of the approach of Hurricane Connie. Ask some of the boys about the size of the mosquitoes that sing about the Suwannee River.

District Governor On Pahokee Visit

Rotary District Governor William R. Robbins of Miami paid his official visit to the Pahokee Rotary club on Thursday of this week. He was highly complimentary of the club's many fine activities during the past year under President

Thadd Whidden and at the beginning of a new year effective July under President E. A. Belcher.

During his term of office the Governor will visit each of the 36 Rotary Clubs of his district, the East Coast of Florida, to discuss with local club officers means of furthering Rotary's general objectives — developing better understanding and fellowship among business and professional men, promoting community-betterment undertaking, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

In addition to the activities of Rotary Clubs within their own communities, to promote these objectives Rotary International has spent more than \$1,750,000 in recent years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as ambassadors of good will. Since 1947 when this program was established, 709 Rotary Fellowships have been awarded to students from Daytona Beach (Wright Booth) Coconut Grove (Eugenia Horne) and Coral Gables (Owen Freed).

Countywide Meets Precede School

Preceding the opening of school teachers of Pahokee and Canal Point Schools will participate in general countywide meetings of teachers and school officials in West Palm Beach, in a district meeting of the Florida Educational Association and in local workshops to be held at the respective schools.

This preschool activities of the teaching staff, will start Monday, Aug. 22 and continue through Aug. 31.

Mrs. Josephine Arnold and granddaughter, Drenna Slaughter, will return Sunday to Pahokee, where Mrs. Arnold makes her home with her son, Walter A. Slaughter, and family, after a two months' visit with relatives in Indiana and Ohio.

We're Getting That Much-Needed Rest

So you had your vacation? And, you're back on the old job slaving away in an effort to get ready for next year's vacation. Well, dear friend, we are right in the middle of our long expected and much-needed two weeks rest and vacation. The Everglades News office is completely devoid of mankind this week but through prestidigitation you are receiving and reading your paper on time.

Since March 11, 1924 — when The Everglades News was established — we have been fortunate in bringing out on time a regular issue each week for the edification of our friends and readers. Again this week — just as if we were in the office working — you have been kept informed of the many happenings of the Glades through your favorite weekly newspaper. So, while we rest and you read, may we say, "we've done it again."

Gov. Collins Good Will Tour Proves Profitable To State

TALLAHASSEE — Governor LeRoy Collins has returned from his goodwill tour of New York, Boston and Philadelphia carrying the well earned title of "Super Salesman of the Sunshine State."

Collins faced the top investors, financiers, industrialists and agriculturists of the East in his luncheon and dinner speeches and created an impression for Florida that would be hard to value as its actual financial worth to the state.

Interest mounted each day and Collins was besieged by television and radio men for interviews. He appeared on Garroway's NBC "Today" show, Ted Mack's program, a nationally syndicated news program, and many other radio and television programs. He finally had to refuse many requests due to a lack of sufficient time.

It has been estimated that his total radio and television audience totaled between 40 and 50 million people, all of whom heard the Florida story of industry, tourism and agriculture.

Members of the delegation, aside from working newspapermen, accompanying Governor Collins were Stanmore Cawthon, supervisor, industrial development division, State Development Commission; Alan Robinson and Charles Lee Baron, Florida State News Bureau; Allen Morris, secretary, Council for Industry and Commerce.

Harold Cole, executive vice (continued on page 8)

Stationery Sales By Esther Class

Members of the Esther Class of the Canal Point Methodist Church School are selling boxes of stationery and greeting cards on which are imprinted a picture of their church to raise funds for the purchase of foam rubber kneeling cushions for the communion altar rail at the church.

Preseason Work For The Blue Devils

Coach C. Webb Pell and Assistant Coach William D. Howard started preseason practice for the Pahokee High School Blue Devils, defending Suncoast Champions, Monday afternoon with afternoon sessions on Lair Field to continue from now on until the end of the football season.

With most of the key players of the championship team lost through graduation the Blue Devil Coaches are having to start again from scratch in the rebuilding of a team.

The Blue Devil 1955 Schedule: Sept. 16, Clewiston, home. Sept. 23, Pompano, there. Oct. 1, (Sat.) Stuart, there. Oct. 8, (Sat.) Fort Pierce, home. Oct. 14, Seacrest, home. Oct. 21, Okeechobee, there. Oct. 28, Lake Worth, there. Nov. 4, Vero Beach, home. Nov. 11, open date. Nov. 18, St. Ann's, home. Nov. 23, Belle Glade, there.

The Blue Devils will make their first public appearance Friday night, Sept. 9, one week before the opening game, when they, together with teams from Moore Haven, Clewiston, Belle Glade and Okeechobee High Schools, will participate in the annual Lions Football Clinic on Lair Field in Pahokee.

Lions Hear Girls At Regular Meeting

Miss Ann-Henderson of Canal Point, vocal soloist, and Miss Glenda Dell of Belle Glade, pianist, presented a musical program at the dinner meeting of the Canal Point Lions Club in the Community Hall Monday night of last week.

Introduced by A. R. Harrington, program chairman, Miss Henderson sang solo numbers, accompanied by Miss Dell at the piano. Miss Dell also played piano solos.

President Alton W. Jones presided.

Hospital Benefits Provided By State

JACKSONVILLE — The State Board of Health has voted to put Governor Collins' program to provide hospital care for those unable to pay into effect January 1.

The board acted after hearing the recommendation of an advisory committee named to help administer the plan. Dr. H. Phillip Hampton of Tampa served as the committee chairman. The group of citizens drafted a report that served as basis for legislation setting up \$500,000 as the state's contribution to the program.

Other members of the committee were Richard Simpson, Monticello; Dr. Richard Jelks, Jacksonville; Pat Groner, Pensacola, and Frank Kelly, Miami attorney.

W. K. Buchanan has returned to his home in Canal Point where he is now convalescing following recent spinal surgery at St. Mary's Hospital, West Palm Beach.

Ann McBride, who spent the past year in Canal Point with her uncle and aunt, Mr. and Mrs. A. L. (Jack) Pope, while attending the local school, is spending the summer with relatives in Georgia.

Arabs Vote in Israel Election

Citizens of the small nation of Israel take their voting seriously. More than 85 percent, aged 18 and over, are expected to register for the July elections. Under the country's democratic system of government, there are 14 political parties vying for 120 seats in Israel's Congress, the Knesset. The three Arab parties currently have five members there. Israel is the only country in the Middle East which gives Arab women the right to vote equally with the men.

Board Of Health To Get Pay Increase

TALLAHASSEE — The Cabinet Budget Commission has authorized salary increases for employees of the State Board of Health and members of the medical staff at Chattahoochee and Arcadia branches of the State Mental Hospital.

Dr. W. D. Rogers, head of the Chattahoochee institution, was granted a yearly salary of \$15,780. Fifteen medical employees of the Board of Health received increases, as did several county health officers. All of the salaries are subject to final approval of Governor Collins.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Ruth Roman, is a very versatile and talented young lady. Although her success seems to have been compressed into a short period, actually this is not the case at all, for Ruth Roman is an actress who has won her fame through unrelenting perseverance, despite set-backs that would have deterred a less courageous person. Ruth was born in Boston, Mass., on Dec. 23, and Ruth Roman is her real name. Her parents owned a carnival sideshow for which her father spied until he died while Ruth was still a child. Her mother then undertook what Ruth admits was the terribly crushing job of trying to run the sideshow, raise three daughters and support them. The show was soon sold and Mrs. Roman eked out a living for her family as best she could. Recently Ruth has been able to provide more handsomely for her mother, to whom the actress gave her home in Hollywood Hills. Her sisters Eve and Ann still make their home in Boston. Young Ruth attended the William Blackstone School and the Girls' High School in Boston, often playing roles in

Floridian Honored

W. A. Wall of West Palm Beach was elected Grand Trustee for a term of five years at the National Elks Convention in Philadelphia. The post is recognized as a stepping-stone to the post of Grand Exalted Ruler, and Florida Elksdom is thrilled to have another Floridian receive such national recognition. Wall has an enviable record of civic and fraternal service.

dramatic productions, and she also did some very serious dramatic work in a Boston settlement house. In addition to appearing with various little Theatre groups in and around Boston, she headed for Broadway with high ambitions but before long was brutally convinced the Broadway shoulder was too cold for her. So, with \$100 Ruth headed for Hollywood. There she got an agent and the agent got her a lead in a serial, "Lothel, Queen of the Jungle." Now Ruth is established as one of Hollywood's finest actresses. See you at the movies—Mal.

Silver Springs To Be Much Greater Following Fire

SILVER SPRINGS, FLA.—Florida's Silver Springs, home of the world famous Glass Bottom Boat and Photo Sub Boat rides, Jungle Cruise, Ross Allen's Reptile Institute, Tommy Bartlett's International Deer Ranch and the Carriage Cavalcade, will have even more to offer in the year to come starting with the grand opening of the least attraction, The Prince of Peace. Through the magic of 3 dimension, a beautiful hand carved religious exhibit intitled "The Prince of Peace" brings the life of Christ into startling realism.

Looking through clear glass win-

dows into the scene of Nativity, The Last Supper, or the cruel and lonely heights of Golgotha, Hill of the Skull, and the scene of the Crucifixion is almost like being an eye witness to the drama that changed the course of history.

Figures carved from wood, ranging in size from one-half inch to nearly two feet in height, are realistically arranged amidst the architecture, the costumes, and the scenery that Christ knew so well. Years and years of research and hand carving were required to produce the exhibit by Paul C. Cunningham, noted artist and sculptor of Washington, D. C.

The Farm Bureau Federation says that we need a continuous program of agricultural exports totaling at least \$4,000,000,000 a year for the next several years for the good of our nation's economy.

Boat Industry To Get Publicity

WINTER HAVEN—A two-color advertisement featuring a Florida attraction and a Florida boat manufacturer will soon appear in national magazines under the sponsorship of a nationally-known spark plug manufacturer.

The advertisement will feature eight Correct Craft boats operating in formation at Cypress Gardens. The ads will appear in Saturday Evening Post, Look, Life, Colliers and many other magazines with national circulation. The advertisement emphasizes the skill required in running 150-h. p. boats in the precision formations which are a regular feature of the water ski shows at Cypress Gardens.

And steamy, hot, dingy washdays with an electric washer and dryer will be won- cool!

FLORIDA POWER & COMPANY

Benjamin Franklin, whose birthday is January 17, was expert in handling money and his advice is as found today as 200 years ago. All quotations here are from his booklet, "The Way To Wealth," published 1760.

Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 *cash*. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther. Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

"Remember what Poor Richard says:
Many a Little makes a Mickle."

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save.....	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save.....	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save any sum you wish, from a couple of dollars a payee up to as much as you want. The important thing is, start your Plan today!

PAUL RARDIN, Publisher

PERSONAL NEWS NOTES

Arthur Wifson, son of Mr. and Mrs. Merle Wilson, who moved with their family this summer from Canal Point to Miami where Mr. Wilson is employed as a carpenter spent the weekend in Canal Point with relatives.

Betty Johnson, daughter of Mr. and Mrs. W. E. Johnson, was bed-fast for several days the past week while recovering from threatened attack of appendicitis.

Patsy Hitchcock has gone to Georgia where she will be the guest of her uncle until school starts.

T. W. Jenkins, who has been a patient at a West Palm Beach hospital, has been permitted to spend a few days at his home in Pahokee before returning to the hospital for additional treatment.

Mrs. W. J. Palmer and her daughter, Dr. Mary Lee Palmer, of Haines City, who are the house guests of the Rev. W. Bennett Palmer in Canal Point this summer, spent several days at the Ambassador Hotel in West Palm Beach and enjoyed the sea breezes and swimming at the beach.

Mr. and Mrs. J. C. Yoemans aren't getting too much sleep these nights—their children have the whooping cough.

If you happen to see some striking and unusually beautiful costume jewelry being worn by Canal Point women these days, it is almost a sure bet it was made by a local artist, Miss Sadie Wilson, whose original creations in costume jewelry are said to be "out of this world."

Inman W. Weeks visited Mr. and Mrs. J. B. Davis in Sebring the past week while enroute home from a business trip to Tallahassee with John L. Evans.

Mrs. Inman W. Weeks is reported to be improving at the Miami hospital where she has been a patient for the past few weeks. It is believed she will be able to leave the hospital within the next few days to spend a period of convalescence with her daughter, Mrs. E. L. Hamilton, at the beach.

Mrs. Elmer Maxson took her father, of Belle Glade to Asheville, N. C., where he was admitted as a patient at a hospital there.

The new home of Mr. and Mrs. Joe Kent Carr being built in the

Vetville subdivision, Pahokee, is almost completed and they hope to be able to occupy it in the near future.

Mrs. Lily Hooks recently observed her 36th birthday at her home in Canal Point with several children and grandchildren from Georgia present to help her celebrate the anniversary.

Thomas L. Kinney, who is stationed at the Palm Beach Air Force Base, spent the weekend with his parents, Mr. and Mrs. H. C. Kinney, at Bryant.

Mrs. Betty Rosenberg returned recently from a visit with her mother, Mrs. Burkett, and other relatives in Illinois.

Major and Mrs. John S. Harrington and family are enjoying their residence in England where Major Harrington was transferred by the U. S. Air Force for overseas duty several weeks ago, according to word received by relatives and friends in Canal Point.

Mrs. Hilburn Murphy and daughter, Merry Kim, of Clewiston were recent guests of her parents, Mr. and Mrs. H. L. Sears, in Canal Point.

Mr. and Mrs. Roy Pope and family of Ocala visited his parents, Mr. and Mrs. Pratt Pope, in Canal Point over the weekend.

Mrs. Mary Taylor, who suffered a stroke a few months ago, is reported to be still seriously ill at a West Palm Beach hospital. Mrs. Taylor is the mother of Mrs. Harlan Sears.

Mrs. Frank M. Wilson is serving as acting superintendent of the Canal Point Methodist Church School in the absence of the superintendent, Mrs. Oliver Hatfield, who is spending a vacation with her family in West Virginia.

Cynthia Turbeville, daughter of Mr. and Mrs. L. P. Turbeville, has been visiting relatives in Georgia.

Mr. and Mrs. William Underhill have moved from Port Mayaca to Pahokee where they are now making their home in a residence near Dr. Mendell Luce's office. Mrs. Underhill's parents, Mr. and Mrs. R. E. Letson, have also moved from Port Mayaca and now living in a home several miles beyond Indian town.

Sharon Heldt, small daughter of M-Sgt. and Mrs. Arnold Heldt received a painfully injured finger recently in what could have resulted in a very serious accident when she caught her finger in an electric washing machine.

Gauldon Harrington was given special recognition by Canal Point Lions at a recent dinner meeting, the occasion being Mr. Harrington's birthday anniversary.

S. P. Lee, Jr., of Miami spent the weekend in Canal Point visiting Mr. and Mrs. Boyd Vorhees and was accompanied home by his wife and sons, Jimmy and Pete, who had been the guests of Mrs. Lee's brother-in-law and sister, Mr. and Mrs. Boyd Vorhees, for a week.

Mrs. Donald Kepp, who is in charge of the cradle roll at the Canal Point Methodist Church, reports an enrollment of 18 infants by their parents on the cradle roll.

Elizabeth Underwood of Princeton, four-year-old niece of Mr. and Mrs. Leonard Maxson, was vocal soloist on the children's part of the program at the Canal Point Methodist Church Sunday before last.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,850.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Christian Science Group Of Canal Point

How understanding of divine Mind's government of man brings health and harmony into daily experience will be set forth at Christian Science services Sunday.
The Lesson - Sermon entitled "Mind" includes the account from the Bible of Christ Jesus' healing of the man afflicted by leprosy (Luke 5).
Among the correlative passages to be read from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (180:25-27): "When man is governed by God, the everpresent Mind who understands all things, man knows that with God all things are possible."
The Golden Text is from I Corinthians (2:16): "Who hath known the mind of the Lord, that he may instruct him?"

Floridians Purchase Huge Amount Ins.

Floridians have bought some \$2 billion in life insurance during the past five years and held a total of \$5,759,000,000 as of the first of this year.
In 1954, purchases amounting to more than half a billion dollars gave a significant boost to personal savings by Floridians, the Florida State Chamber of Commerce reported yesterday.
The \$5,759,000,000 life insurance package held by the people of the state at the first of the year was 71 per cent above the 1950 figure. This 1955 total represents \$4,600 per family, yet is still considerably under the national figure of \$6,300 per family.
The current total is broken down in this week's business review of the State Chamber's research and industrial division to show \$3,408,000,000 in ordinary life insurance; \$1,178,000,000 in industrial insurance; and \$1,173,000,000 in group insurance.

Floridians received \$44,198,000 in death payments during 1954. Total benefits, not yet available for 1954) usually amount to a little more than twice the death benefits and in 1953 reached \$82,687,000.

Activity Marks Turnpike Plans

DANIA — The Florida State Turnpike Authority today looked back upon a month of exceptional activity.

In June the Turnpike Authority sold \$74,000,000 of revenue bonds to a national syndicate, but it wasn't until July 1 that the check for the sale of the bonds was placed in the hands of the Turnpike Authority. Although numerous phases of the turnpike program were well under way, the actual depositing of the bond money signalled the shifting into high gear of all operations designed to produce a completed supertollway by fall of 1956.

During July contracts for grading, draining and fencing of 50.53 miles of the 103.9 miles length of the turnpike were awarded for six of the 15 contract sections. These sections were broken up into lengths ranging from 4.3 to 10.8 miles to expedite all phases of the road building program. Total value of the contracts awarded to date is \$3,166,111.71 and well under feasibility estimates.

Bids for two additional sections will be received by the Authority August 11 with the remainder to be received at intervals of approximately two weeks, so that all preliminary work will be under contract by early fall. Bids to be received August 11 are for 4.3 miles

in St. Lucie County and a strip 6.6 miles in Palm Beach County.

The Authority also has set up a schedule for building the lime rock base and paving in separate contracts with the first paving bids to be asked about Oct. 15, 1955.

First bridge construction bids for the 78 structures along the turnpike route will be asked about Sept. 15, 1955.

During July contracts for borings on the entire length of the bob-tailed turnpike were awarded. These contracts were substantially under feasibility estimates.

Bids were received July 27 for the construction of a communications building at the site of the McArthur Interchange just west of the northwest section of Ft. Lauderdale. It will be completed and ready for occupancy before the end of the year.

This structure will serve as a temporary administration headquarters for the turnpike staff until completion of the Hollywood to Ft.

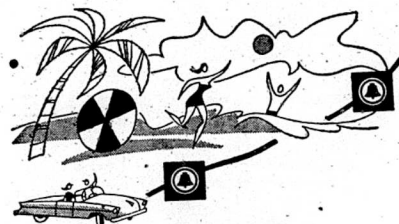

Pierce sector at which time it will be used to house a detail of the Florida Highway Patrol and the turnpike communication systems.

Right-of-way agents for the turnpike have secured 48 properties. Many others are being secured either by negotiation or condemnation. No undue delay is anticipated in securing the necessary right-of-way.

The new State Development Commission combines the functions of the old State Advertising Commission and the Improvement Commission.

The Romans passed a law in 205 B. C. to prevent women from driving chariots or riding horses on the streets of Rome.

The Florida National Guard is a volunteer organization of citizen-soldiers with a unit in most towns. It is a military organization but its members are civilians.

a castle in the air costs nothing
—but you can't live in it!

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

* * *

If you want your interest as current income, ask your bank about Series H Bonds, which pay interest semi-annually by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 6 months, save.....	\$5.00	\$10.75	\$45.00
Each week for 19 years and 6 months, save.....	\$3.75	\$7.00	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save whatever you wish, from a couple of dollars a paycheck up to as much as you want. The important thing is, start your Plan today!

Personal Items

Mrs. Betty Rosenberg had as guests Sunday Mr. and Mrs. Steve Swickard, newlyweds of Charleston, Ill., who were married Aug. 7 and have been spending their honeymoon at Lake Worth.

Mr. and Mrs. George Kingsley will return this week from a two weeks' vacation spent in the Florida Keys.

Mr. and Mrs. T. E. (Gene) Pennington and family have returned from a vacation spent at Gainesville where they visited his brother and sister-in-law, Mr. and Mrs. W. E. Pennington, and enjoyed a few days of camping at the Goldhead State Park. Enroute home they visited Mrs. Pennington's mother, Mrs. J. A. Felts, and other relatives at Bradenton. Their daughter, Penny, remained in Bradenton for an extended visit with her grandmother.

Mrs. Nancy Gelger, formerly associated with Mrs. P. A. Slonaker at the Nan-Cra Restaurant, is spending a vacation with her parents and other relatives in Pennsylvania.

John Howard (Sonny) Hooks has returned from a visit with his brother and sister-in-law, Lt. and Mrs. Stanley Hooks, at San Antonio, Texas, where Lt. Hooks has been attending a USAF navigation school.

Louise Allen of Commerce, Ga., is making her home with her uncle and aunt, Mr. and Mrs. H. E. Allen, in Canal Point, and plans to enroll in the eighth grade with the opening of school.

Mr. and Mrs. Paul Sasser and children have returned from a three weeks' vacation spent at their cottage at Lake Placid.

Mrs. Johnnie Davis, accompanied by Faith Sasser and Barbara Verkommen, is spending a vacation at Lake Kerr and plans also to visit relatives in Wauchula before returning.

Mr. and Mrs. Simon Mason and children left Saturday for a visit with relatives in Massachusetts.

Loss In Revenue Caused By Strike

TAMPA—Revenues of Seaboard Airline Railroad were adversely affected by a loss in phosphate tonnage resulting from a work stoppage caused by a strike throughout the industry during the month of June.

The railroad was able to increase net income during the month, however, with an increase from \$1,595,738 from the previous month to \$1,645,229 during June.

John W. Smith, president of Seaboard, announced that with the expected early settlement of the phosphate labor troubles it is anticipated that the temporary loss in revenue will be recouped when heavy phosphate shipments are resumed.

Summer Tourist Season Is Great

RAINBOW SPRINGS—Central Florida and the West Coast are experiencing a record-smashing summer tourist business, it was reported this week by John W. Dillin of Rainbow Springs who is secretary of the Florida Attractions Association.

Four of the attractions shattered their all-time record, whether it be for winter or summer, on July 3 and then broke the mark again on July 4.

Horn's Cars of Yesterday, Sarasota, announced an 87 per cent increase during July against the same period one year ago. Rainbow Springs had a 67 per cent increase in the comparative months. Nature's Giant Fish Bowl's business jumped 60 per cent.

Other increases: Ringling Museums, Sarasota, 46; Edison's Winter Home, Ft. Myers, 33; Everglades Wonder Gardens, Bonita Springs, 30; Cypress Gardens, Winter Haven, 29; Weeki Wachee Springs, 27; Sarasota Jungle Gardens, Sarasota, 21½; Sunken Gardens, St. Petersburg, 21; Silver Springs 20.

Monkey Jungle, Goulds, 18½; Marine Studios, 12; Parrot Jungle, South Miami, 8½; St. Augustine Alligator Farm and The Oldest House, St. Augustine, 8; Miami Serpenterium, 5; and Lightner Museum of Hobbies, 4.

Musa Isle Seminole Indian Village, Miami, reported their business the same as last year, and McKee Jungle Gardens, Vero Beach, dropped 6 per cent possibly because of heavy rains and the highway was torn up in front of the attractions.

Rainbow Springs, Nature's Giant Fish Bowl, Silver Springs, and Marine Studios had their best days in history during the month.

An increased advertising program on the West Coast was credited with one of the reasons for the large increases. It also was reported by Secretary Dillin that several of the Central Florida and West Coast attractions were involved in an advertising program sponsored by the Greater Orlando Chamber of Commerce which drew 17,000 written inquiries.

Wanna Go Huntin' For A Bar? Get In Touch With SG&FWFC

TALLAHASSEE—Three bow and arrow hunts, two periods of bear hunting and 18 managed hunts were scheduled for this fall and winter by the State Game and Fresh Water Fish Commission.

Archery hunts were set for Oct. 14-23 for the Ocala National Forest; Oct. 29-Nov. 6 for the Eglin Air Force reservation and Oct. 29-Nov. 6 for the J. W. Corbett Wildlife Management Area in Palm Beach county.

Two three-day bear hunts a week will be held in the Apalachicola National Forest from Oct. 2 to Oct. 29. One three-day bear hunt weekly is scheduled for the Osceola National Forest between the same dates.

Managed hunts will be held from Nov. 23 through Jan. 1 in the Ocala Tomoka, Farmton, Sumter-Citrus, Steinhatchee, Gulf Hammock and Lee Wildlife management areas.

Dates for hunts in other management areas include:

Aucilla, Nov. 23-Jan. 8; Collier, Nov. 23-Dec. 25; Cecil Webb, Nov. 23 until allowable number of quail taken; J. W. Corbett, Nov. 23-Dec. 25; Eglin Field, Nov. 23-Dec. 11 and Dec. 19-Jan. 4 for deer, other legal game to close of respective seasons on species; Osceola, Nov. 23-Dec. 8 (no Sunday hunting); Apalachicola, Nov. 23-Dec. 3 (no Sunday hunting).

Richloam, Nov. 23-Dec. 11; Fishing Creek, Nov. 23-Dec. 25; J. W. Gaskin, Nov. 23-Dec. 4; St. Marks, opening of waterfowl season (date not yet set) to Dec. 31.

B. F. Goodrich Company has put into service large truck tires made with a new synthetic rubber that could make the United States virtually independent of tree-grown rubber from abroad.

Fuller Warren In—

(continued from page 1)

The reapportionment controversy seems to have resolved itself into a question of whether or not Sarasota County will be given a senator by itself. Regardless of what reapportionment bill the legislature may pass and the Governor approve, the more populous counties of Florida will not get even one additional member to represent them in the state legislature.

The people of Florida should not be misled into believing that the unfair and unjust representation of the more populous counties can be corrected by any bill which the present reapportionment session of the legislature may pass and the Governor approve. The discrimination, legislative-wise, against the more populous counties can only be corrected by amending the state Constitution, and this only the people of Florida can do.

The 1955 regular session of the legislature submitted a proposed amendment to the Constitution to be voted upon in November 1956, which would give Dade County 13 additional representatives, in the legislature. Duval 7, Hillsborough 5, Pinellas 2, Polk 1, Palm Beach 2, Broward 1, and a senator for each county. Under Article 17, Section 3, of the Florida Constitution, the legislature can, by an affirmative vote of three-fourths of all its members, give the people of Florida an opportunity to vote on this proposal amendment within not less than 90 days, nor more than 120 days. If the people of Florida adopt such an amendment to the Constitution, it would settle the reapportionment problem that has deadlocked the legislature and the Governor for nearly two months, and cost the taxpayers an enormous amount of money.

It should be further pointed out that even if the present reapportionment session of the legislature and the Governor agree on a reapportionment bill, it will be completely nullified if the people of Florida, adopted, in November 1956, the proposed amendment to the Constitution giving the more populous counties 40 additional representatives, and each county a senator. This fact, alone, makes it silly to keep on wasting the taxpayers' money and impairing the people's confidence in their government by obstinately continuing the hopelessly deadlocked reapportionment session of the legislature.

As a private citizen who is distressed by the depressing deadlock between the legislature and the Governor, I earnestly hope the legislature will recess this reapportionment session, and that immediately thereafter the Governor will call the legislature into extraordinary session to consider submitting to the people, in a special election to be held within not less than 90 days, nor more than 120 days, the proposed reapportionment amendment now scheduled to be voted on in November, 1956. Surely, nobody who believes in democracy would object to the people being permitted to vote on this vital question this year. If such amendment is adopted, there would be no need for any further reapportionment session of the legislature, the burdensome expense to the taxpayers would be stopped, and Florida would be spared the further embarrassment of the near breakdown of two branches of its state government.

WORKERS USING FLIES IN RESEARCH ON EGGS

Researchers now are using fruit flies to speed up chicken tests.

At the USDA poultry breeding station at Lafayette, Ind., scientists found it took a couple of years to get a full egg-production record from a given lot of hens. But, with fruit flies, the scientists can get a similar breeding record in a couple of weeks.

The workers say there is enough resemblance between flies and chickens, in the rate of egg production and egg size compared to body size, to make it worth while to try out some of their breeding techniques on the flies first. A flour beetle can be used for the same purpose, too.

Results: Time and money are saved.

Gov. Collins Good—

(continued from page 1)

president, Florida State Chamber of Commerce; Alan S. Boyd, member of the State Railroad and Public Utilities Commission; J. S. Gracy, Florida Power Corporation; Harry E. Simpson, Florida Power and Light Co.; E. L. Brewton, president of the Orlando Utilities Corporation.

Richard Gardner and John Germany, legislative aides; Joe Grötgue, administrative assistant; Charles Ausley, Tallahassee attorney.

W. J. Clapp, president, Florida Power Corporation; Alex M. Collins, citrus grower; S. T. Dell, Jr., attorney; A. Clifton Johnson, radio TV executive; Edward G. Roe, Jr., president, Cummey Cypress Company and member of the board of directors of Seaboard Airline Railroad.

Herman E. Turner, cattleman; A. D. Davis, president of Winn and Lovett Co.; Harvey D. Mathis, International Paper Co.; McGregor Smith, chairman of the board of Florida Power and Light Co.; Paul H. Smith, construction man, and Claude J. Yates, Southern Bell Telephone and Telegraph Company.

Turnpike Work To—

(continued from page 1)

The remaining nine sectional contracts for the grading, draining and fencing of the rest of the Turnpike are to be awarded at approximately intervals of two weeks. All should be awarded by Nov. 1. Contracts for base and paving will be let separately with the first paving bids to be asked about Oct. 15, 1955. First bridge construction bids will be asked about Sept. 15, 1955.

The Authority received funds for the sale of its \$74,000,000 in revenue bonds July 1 and within thirty days awarded contracts totaling \$3,166,111.71 for grading, draining and fencing.

Bids for the construction of a communications building which will serve as an administration headquarters temporarily were received July 27.

Recent reports of the Florida Canners' Association show that the movement of canned grapefruit sections from Florida warehouses to consumer channels has accelerated in recent weeks.

In 1954, 35,500 Americans were killed in traffic accidents.

ANTS AROUND HOMES AND YARDS CHECKED BY USING CHLORDANE

Gainesville—Midsummer is the season when many houses and yards are invaded by troops of ants. To get rid of these pests the first step is to find their nests and then to treat them with an insecticide, according to J. E. Brogdon, entomologist with the Florida Agricultural Extension Service.

Outdoors the nests are usually easy to see—small mounds of soil on the ground, near flagstones and sidewalks, in decaying tree trunks, near foundations. Finding ant nests indoors is a difficult problem. Usually the best you can do is to watch the trails of the ants, trace them to a baseboard or door frame, and apply the insecticide there.

Mr. Brogdon says the most effective insecticide in the home is a 2 percent oil-base chlordane solution, applied with a paint brush or sprayer as near as possible to where the nests may be located. Water-base chlordane sprays also are effective.

Paint or spray the chlordane along baseboards, cracks in floors, door and window frames, sinks, and electric outlets. In this way you can check the ants before they get into foods and onto tables. Chlordane has a long lasting effect and it is usually not necessary to spray the same surface more than once every one to three months. If ants continue to appear, spray other surfaces and areas they may be coming from.

A good preventive measure against ants is to keep all containers of food, flour canisters, and bread boxes tightly closed. To keep ants from entering the house, apply chlordane along the outside walls from the ground up to the windows.

Dieldrin also has been approved for use against ants in and around the home. If you use it, follow directions on the container.

Ants also injure plants and trees—not only the roots but also the above ground portions of the plant. A 2 percent water-base chlordane preparation in various forms is recommended for use outdoors.

Chlordane is poisonous to people and pets, as well as to ants. A few simple precautions are required for its use in or around the home. Keep the insecticide away from children, pets, foods, dishes, and cooking utensils; be certain not to inhale the spray mist. If chlordane gets onto the skin, wash it off immediately with soap and water.
